

VITAL ZONE - ELK

Broadside. Schematic outline with the heart-lung zone marked.

Reduced to 1:14.0 (full size 2500 x 1500 mm) - this is a reference reproduction, not a full-size competition target

Dimensions

Measurement	Value
Vital zone	305 mm (12")
On this sheet	21.7 mm
Body, full size	2500 x 1500 mm
Scale	1:14.0

Vital zone 12 in / 305 mm - a larger animal and a larger zone, on the same reference: behind the shoulder, about a third up from the brisket. Schematic outline, not an anatomical drawing - the zone is where to aim on paper, and the animal in front of you is the one that decides whether the shot is there. Reduced: measure the bar below before using any dimension off this sheet.
