

NRA B-8 REPAIR CENTRE - 25 yd pistol

Official ring dimensions, drawn 1:1. X 1.695 in, 10-ring 3.36 in, 9-ring (black) 5.54 in.

B-8 ring dimensions as published by the NRA

Ring	Diameter (in)	Diameter (mm)	On this sheet
X	1.695 in	43.05 mm	drawn
10	3.360 in	85.34 mm	drawn
9	5.540 in	140.72 mm	drawn
8	8.000 in	203.20 mm	wider than A4
7	11.000 in	279.40 mm	wider than A4
6	14.800 in	375.92 mm	wider than A4
5	19.680 in	499.87 mm	wider than A4

Drawn 1:1. A repair centre is the black aiming area of a B-8, which is the 9-ring - so X, 10 and 9 are the sheet. The 8-ring is 203.2 mm on 210 mm paper and would fall inside a desktop printer's non-printable margin; 7 and outward are wider than A4 at any margin. Practice reproduction from published dimensions, not an NRA-approved target, and no NRA mark is used.
